### REMARKS

In response to the Office Action, Applicant hereby elects Invention I, corresponding to Claims 1-15 drawn to magnetic memories. Applicant has canceled Invention II, corresponding to Claims 16-28 drawn to methods of fabricating magnetic memories. This cancellation is being done without prejudice to the filing of a divisional application for these and/or other claims.

Applicant is not traversing the Restriction Requirement as to Inventions I and II, because Applicant agrees that, a determination of the unpatentability of Invention I would not necessarily imply the unpatentability of Invention II.

In view of the above, Applicant respectfully requests favorable examination and allowance of Claims 1-15.

Respectfully submitted,
